

## Executive Bio

**John O'Donnell**

President and Chief Executive Officer

As president and CEO of SPi Healthcare, John O'Donnell brings his 25 years of healthcare industry expertise and leadership from both a hospital and physician practice perspective, giving him a unique understanding of the financial pressures that face the healthcare community. His well-rounded expertise enables him to more effectively lead the company in aligning technology and operations to meet the needs of a healthcare organization.

With his in depth understanding of the financial challenges that face the industry, John is positioning SPi Healthcare in a strategic direction to offer their clients a more comprehensive solution. Under his guidance, SPi Healthcare has experienced over 20% growth.

John's leadership in SPi Healthcare's growth strategy and branding will continue to position the company to better meet the evolving needs of healthcare organizations.

John has been with the company since 2004 (for Springfield Service Corporation (SSC) before it became SPi Healthcare). Prior to being appointed President and CEO, he joined the company as the Executive Vice President of Operations and was concurrently the Chief Information Officer, where he was instrumental in coordinating operational and IT management staff to bring continuity and cooperation for key services offered to clients.

Previously, he headed the financial applications group for Palos Community Hospital and its immediate care centers. John was also a senior consultant with a healthcare consulting firm in Wheaton, Illinois.

John holds a Bachelor of Science degree in Business, with a concentration in Computer Management from Eastern Illinois University.
